

Greetings homeowners:

Here is a quick notification regarding Bulk Trash pickup. The city has changed the way they do things in this regard. Any bulk trash now needs to be scheduled by each individual homeowner on a need basis.

We will be altering the bulk trash policy for our community to the following:

Each homeowner will be required to contact bulk trash first, schedule a pickup time, then place the bulk trash at the appropriate time, after which notify the HOA that you have scheduled a time and the date at which the pickup is scheduled.

Here is the contact number to the City of Phoenix for scheduling 602-262-6251
